PROFILE

Dynamic and results-oriented IB DP Mathematics Educator and Mentor for Mathematics Teachers with 13+ years of experience in international education, including IB Diploma Programme, STEM, IGCSE, SAT, and EST curricula. Proven track record in academic leadership, curriculum distribution, teacher mentorship, and school-wide planning. Adept at driving academic excellence, integrating technology, and fostering collaborative environments that enhance student outcomes.

KEY ACHIEVEMENTS

- Led and encouraged mathematics teachers to ensure curriculum alignment and assessment consistency across grade levels.
- Improved IB Mathematics (AA) pass rates through targeted instructional strategies.
- Successfully managed and supervised Capstone Projects integrating STEM principles, resulting in multiple national competition awards.
- Organized and oversaw international math challenges (IYMC).
- Developed and implemented school-wide assessment tools, improving data tracking and reporting efficiency.
- Created and managed school timetables for teachers and classes, ensuring smooth academic operations.
- Responsible in preparing teachers' invigilation schedules and ensuring smooth examination procedures.

PROFESSIONAL EXPERIENCE

Egyptian International School - Zayed | Math Teacher - IB DP (2023 - Present)

- Teach IB Mathematics using an inquiry-based learning approach.
- Support curriculum mapping, assessment design, and moderation for the mathematics department.
- Mentor mathematics teachers, providing guidance on curriculum delivery, assessment strategies, and IB standards.
- Collaborate with colleagues to achieve instructional best practices and IB standards.

October STEM School | Math & Capstone Teacher - STEM (2017 - 2023)
